Profile

Passionate puzzle-solver that thrives on good teamwork. Experienced in writing logistical models and algorithms, and creating web-based interfaces to interact with these models. Recently graduated and excited to put my skills into practice!

Employment History

Fyrr

FEBRUARY 2022 – PRESENT

A start-up created together with three other bright minds from my study. I develop web interfaces that can be used to interact with the models we create.

Zero Hunger Lab

DECEMBER 2021 – JUNE 2022

Initiative of Tilburg University to eradicate hunger world-wide through use of data. I wrote my master thesis as a graduate intern on ensuring investments in the infrastructure of the Dutch food banks are both efficient and equitable.

Student Party ECCO

JUNE 2019 – SEPTEMBER 2020

The student party for the Faculty Council of Tilburg School of Economics & Management. I was member of the board and student representative on the council.

Stichting LOES

JUNE 2017 – JUNE 2018

The national student association for econometrics. I was treasurer of the board and coordinator of the Landelijke Econometristendag 2018 (LED).

Asset | Econometrics

JUNE 2017 – SEPTEMBER 2018

The study association for all econometrics students in Tilburg. I was member of the Board in the position of Treasurer & Vice-Chairman and represented the association in the board of the faculty study association.

Het Stijlmagazijn

MARCH 2016 – PRESENT

A small company through which my sister and I take on web development projects. I am responsible for Web Development and Customer Contact.

Education

MSc Business Analytics & Operations Research (cum laude), Tilburg University

SEPTEMBER 2020 – JUNE 2022

BSc Econometrics & Operational Research (with honours), Tilburg University

SEPTEMBER 2015 – JUNE 2020

Projects

Studeer Stipt, Tilburg

NOVEMBER 2019 – PRESENT

Studeer Stipt is an application that I built as a challenge for myself to learn new techniques. Together with 2 friends, we entered it in the Tilburg University Challenge and out of over 80 applications, we finished in the top 3!
